## PEAK PERFORMANCE! EFFECTIVENESS

See what Phoenix International is saying about their recent conference experience with Peak Performance! and Cheyenne Mountain Resort.

**"Truly the best conference ever. Easily. From the coordination of arrival to pre-conf work etc...including meal on Sat night, etc.... wonderful. Round tables, moving people around from table to table, more breaks, better networking opportunities, wonderful dinners and night themes, even the team building which I usually cringe at doing was meaningful and thought provoking."**

### P E R F O R M A N C E !

**"I liked the team building exercises and the group interaction during the discussion portions. The sharing of ideas is great and much better than only having time to talk business at breaks."**

**"The team building exercises were awesome!"**

**"I am not a fan of big presentations and prefer to play an active role on meetings. The format allowed me to be a participant on every subject. Great idea!"**

**"The teambuilding event and group table sessions allowed us to get to know each other better and it encouraged conversation."**

**"Everything down to the smallest detail was taken care of. A thoroughly professional, organized and effective sales conference. The concept of being aware of "Phantom rules" from one of the team building exercises will stay with me for some time."**

**"I loved the location in the mountains, the food was great, and the meetings were productive and interesting."**

**"The food was almost too good!"**

**"The view from my room was breathtaking. The staff was very courteous, and the room was very clean."**
